UPDATE OF NEW MEASURES ADOPTED FOR THE REOPENING OF SOHO BOUTIQUE HOTELS

All SOHO BOUTIQUE HOTELES departments, guided by the Safety, Health and Quality Committee, have worked on the following measures to create a cleaner, safer and healthier environment in each of our establishments, since the most important thing for us still is the safety and health of all being.

MEASURES ADOPTED FOR THE REOPENING

Test

To all the people in our organization prior to their reinstatement in their job.

Training

General and specific training on hygiene, food health and social distance standards.

Protection equipment

Mandatory individual protection equipment for our staff and available to customers.

Protective screens

At receptions.

Capacity control

Hydroalcoholic gels

Information and installation of hydroalcoholic gels in the access areas.

Signage

Specific signage to inform and mark the spaces about the new social distance.

Removal

Of decorative and textile elements.

Removal in the rooms

Of the coffee machines, and stationery items.

A la carte minibar and amenities

Redesign of the amenities kit, including an individual hydrogel.

Bathroom

Only the bathroom wastebasket is kept, with a double bag and a non-manual overture.

Table service

Replacing the buffet in observance of the capacity control.

Medical Attention 24/7

Cleaning protocols

New cleaning protocols maximizing disinfection with the inclusion of specific products and protective equipment by workers.

Surfaces analysis

Swimming pool water analysis

Gym and Spa areas

Will remain closed until the end of the pandemic
